

# PLASTEC LEAF GUARD RANGE

NEW  
PRODUCT

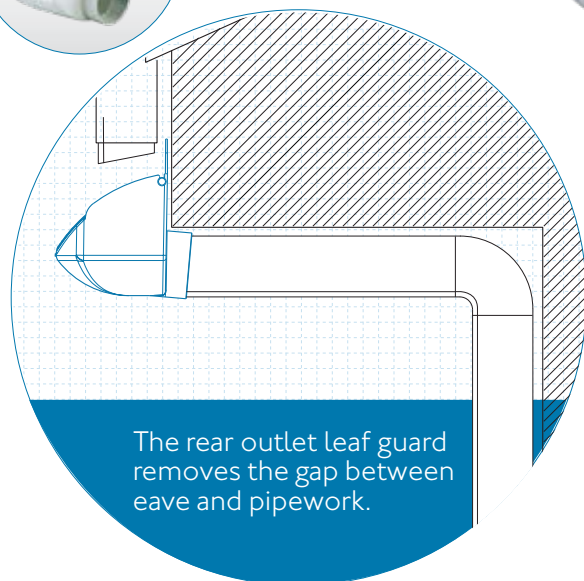

**REAR OUTLET**  
PRODUCT ID 15730

PLASTEC'S NEW LEAF GUARD RANGE OFFERS YOUR CUSTOMERS A CHOICE WHEN SELECTING THE BEST PRODUCT TO SUIT THEIR RAIN WATER REQUIREMENTS

PRODUCT ID 15730 REVERSE

**BOTTOM OUTLET**  
PRODUCT ID 15623

The rear outlet leaf guard removes the gap between eave and pipework.

- Aesthetically appealing compact designs
- All components can be painted to match any colour downpipe
- Easy to remove top screen for installation and cleaning
- Suits 90mm/80mm pipe. Easily adapted to 100mm pipe
- Product can be manufactured in any Colorbond colour - no painting required
- UV resistant, 100% compliant product
- Both leaf guards come with a stainless steel internal screen
- Back outlet enables you to run pipe work hard up against the eave or directly through an external wall
